Verification of County Receipt
For Manure Management Plans & Plan Updates

This form is for <u>non-permitted operations</u> that are <u>submitting an original manure management plan</u> (MMP) and <u>all</u> confinement feeding operations that must <u>submit an annual updated MMP</u>. This form is not for confinement feeding operations that are applying for a construction permit. (See the Construction Permit Application package for the Verification of County Receipt form used with construction permit applications.)

It must be submitted to the appropriate Department of Natural Resources (DNR) field office to indicate that the county where the confinement feeding operation is located, or will be located, has received a copy of the MMP. If manure is to be applied in additional counties, you must also submit this form indicating that a complete MMP or MMP annual update has been delivered to each of the counties where manure will be applied.

For the confinement feeding operation:
